X-Ray Training (March & June)

Each of the classes will be taught by Rich Beeman who has in depth industry knowledge and experience. A brief overview of each program and the scheduled dates follows.

Basic Medical Electronics

Basic Medical Electronics is designed to give the attendee a practical introduction of electronic components and circuits incorporated in Diagnostic X-Ray Systems. Identification, characteristics, safety requirements and practical usage of components will be covered in lectures followed by hands on lab exercises using the actual components and necessary test equipment. Lab exercises will be completed using a breadboard and power supply where applicable. The breadboard with power supply and workbook are included in the course. The course is limited to four students to maximize instructor/student interaction and hands on labs.

Basic X-Ray Systems Maintenance

Basic X-Ray Systems Maintenance course is designed to give the attendee a solid foundation enabling him or her to perform basic installation, configuration, troubleshooting and repair on general Radiographic Systems. The course will include some lectures but will concentrate on demonstrations followed by hands on exercises by each attendee which will build confidence in carrying out critical maintenance procedures. Equipment used in the labs will include an Analog and a High Frequency Generator with a Table, Tubestand and Chest stand. The course is limited to four students to maximize instructor/student interaction and hands on labs.

We recommend registering now if you would like to take advantage of this great training opportunity.

Basic Electronics (2) Day Program

Class will begin	Monday	March 23, 2020	8 AM
Class will end	Tuesday	March 24, 2020	5 PM
Class will begin	Monday	June 8, 2020	8 AM
Class will end	Tuesday	June 9, 2020	5 PM

Basic X-Ray Maintenance (5) Day Program

Class will begin	Wednesday	March 25, 2020	8 AM
Class will end	Sunday	March 29, 2020	5 PM
Class will begin	Wednesday	June 10, 2020	8 AM
Class will end	Sunday	June 14, 2020	5 PM

Hotel accommodations are available at a discounted rate. Class size is limited. Registration will be accepted on a first come first served basis. If you would like to obtain additional details or have a specific question about these programs, please contact:
