

DENT-X EXCEL

Dental Evacuation System Cleaner From White Mountain Imaging

DENT-X EXCEL Dental Evacuation System Cleaner will ensure you are getting the most out of your investment in your vacuum system. It is a non-corrosive concentrated solution at neutral pH, contains non-foaming water soluble agents that reliably remove and prevent organic materials & debris from settling in your vacuum system wet or dry.

The special anti-foaming ingredients in DENT-X EXCEL Evacuation Cleaner are water soluble and will not foam in your vacuum pump or amalgam separator. It also prevents residue which could otherwise build up over time in your evacuation system line.

DENT-X EXCEL Evacuation Cleaner is environmentally friendly, biodegradable and easy to use with the pump dispensing system provided. It keeps your vacuum system running smoothly and efficiently. Unlike bleach DENT-X EXCEL Evacuation Cleaner does not contain chlorine which could leach mercury from amalgam.

DENT-X EXCEL Advantages
